**REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**Preparation date: 16.02.2017.Revision date: —Version: 1.0

# 1. IDENTIFICATION OF THE SUBSTANCE OR MIXTURE AND OF THE COMPANY/UNDERTAKING

#### 1.1. Product identifier: <u>Crystal Nails Avocado Scrub</u>

#### 1.2. Relevant identified uses of the mixture and uses advised against:

Mechanical skin peel scrub for feet for cosmetic use. Can be used also on elbows and knees.

#### **1.3.** Details of the supplier of the safety data sheet:

Elite Cosmetix LTD. 1085 Budapest Jozsef krt. 44. Phone: +36-1-461 0144 fax: +36-1-461 0145 lab2@elitecosmetix.com

#### **1.4. Emergency telephone number:**

| Country         | Name                                | Phone No.        | Availability    |

**REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**<br/>Preparation date: 16.02.2017.Revision date: —Version: 1.0

#### 2. HAZARDS IDENTIFICATION

#### **2.1. Classification of the substance or mixture:**

The product is NOT HAZARDOUS according to Regulation (EC) 1272/2008 as amended.

#### **2.2. Labelling elements:**

No labelling elements and GHS symbols need to be indicated.

Signal words: No signal words.

#### **3. COMPOSITION/INFORMATION ON INGREDIENTS**

There are no ingredients present which, within the current knowledge of the supplier, are classified and contribute to the classification of the substance and hence require reporting in this section.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment, are PBTs or vPvBs or have been assigned a workplace exposure limit and hence require reporting in this section.

#### 4. FIRST AID MEASEURE

#### 4.1. Description of first aid measures

| In case of eye contact  | Immediately flush eyes with plenty of water, occasionally<br>lifting the upper and lower eyelids. Check for and remove<br>any contact lenses. Continue to rinse for at least 10 minutes.<br>Get medical attention if irritation occurs.  |
|-------------------------|--|
| If inhaled              | Remove victim to fresh air and keep at rest in a position<br>comfortable for breathing. If not breathing, if breathing is<br>irregular or if respiratory arrest occurs, provide artificial<br>respiration or oxygen by trained personnel. It may be<br>dangerous to the person providing aid to give mouth-to-<br>mouth resuscitation. Get medical attention if adverse health<br>effects persist or are severe. If unconscious, place in<br>recovery position and get medical attention immediately.<br>Maintain an open airway. Loosen tight clothing such as a<br>collar, tie, belt or waistband. |
| In case of skin contact | Flush contaminated skin with plenty of water. Remove   |

contaminated clothing and shoes. Get medical attention if

**REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**<br/>Preparation date: 16.02.2017.Preparation date: 16.02.2017.Revision date: —Version: 1.0

symptoms occur. Wash clothing before reuse. Clean shoes thoroughly before reuse.

If swallowed Wash out mouth with water. Remove dentures if any. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Get medical attention if adverse health effects persist or are severe. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband.

Protection of first aiders No action shall be taken involving any personal risk or without suitable training. If it is suspected that fumes are still present, the rescuer should wear an appropriate mask or self-contained breathing apparatus. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation.

| Potential acute health<br>effect  |   |
|-----------------------------------|---|
| Eye contact                       | No known significant effects or critical hazards  |
| Inhalation                        | No known significant effects or critical hazards  |
| Skin contact                      | No known significant effects or critical hazards  |
| Ingestion                         | No known significant effects or critical hazards  |
|                                   |   |
| Over exposure signs /<br>symptoms |   |
| Eye contact                       | May be irritating to eye in some sensitive individuals, redness, itching, watering can occur.                         |
| Inhalation                        | Inhalation is unlikely, however, if the product is dried out<br>and becomes a dust, the dust from this product may be |

#### 4.2. Most important symptoms and effects both acute and delayed

**REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**<br/>Preparation date: 16.02.2017.Preparation date: 16.02.2017.Revision date: —Version: 1.0

|              | moderately irritating to some sensitive individuals.                                 |
|--------------|--|
| Skin contact | May be irritating to skin in some sensitive individuals, redness, itching can occur. |
| Ingestion    | May cause excessive bowel movements following ingestion.                             |

#### 4.3. Indication of immediate medical attention and special treatment needed

| Notes to physician | Treat symptomatically. Contact poison treatment specialist     |
|--------------------|--|
|                    | immediately if large quantities have been ingested or inhaled. |
| Specific treatment | No specific treatment.   |

#### **5. FIREFIGHTING MEASURES**

#### 5. 1. Extinguishing media

| Suitable extinguishing media   | Water, foam, CO <sub>2</sub> , dry chemical. |
|--------------------------------|--|
| Unsuitable extinguishing media | Not known.                                   |

#### 5.2 Special hazards arising from the substance or mixture

| Hazards from the       | Not known.         |
|------------------------|--------------------|
| substance or mixture   |                    |
| Hazardous thermal      | No specific data.  |
| decomposition products | rio specific data. |

#### **5.3.** Advice for firefighters

Special protective actionsPromptly isolate the scene by removing all persons from the<br/>vicinity of the incident if there is a fire. No action shall be<br/>taken involving any personal risk or without suitable<br/>training.Special protectiveNo specific data.

equipment for fire-fighters

#### 6. ACCIDENTAL RELEASE MEASURE

6.1. Personal precautions, protective equipment and emergency procedures

## SAFETY DATA SHEET

**REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**Preparation date: 16.02.2017.Revision date: — Version: 1.0

- For non-emergency No action shall be taken involving any personal risk or personnel without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Avoid breathing vapour or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment.
- For emergency responders If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For nonemergency personnel".

| 6.2. Environmental | Avoid dispersal of spilled material and runoff and contact |
|--------------------|--|
| precautions        | with soil, waterways, drains and sewers.                   |

6.3. Methods and materials for containment and cleaning up

| and cleaning up |  |
|-----------------|--|
|                 | Spilled material may present a slipping hazard if left unattended. Clean all spills promptly.  |
| Small spill     | Stop leak if without risk. Move containers from spill area.<br>Use spark-proof tools and explosion-proof equipment. Dilute<br>with water and mop up if water-soluble. Alternatively, or if<br>water-insoluble, absorb with an inert dry material and place<br>in an appropriate waste disposal container. Dispose of via a<br>licensed waste disposal contractor.  |
| Large spill     | Stop leak if without risk. Move containers from spill area.<br>Approach release from upwind. Prevent entry into sewers,<br>water courses, basements or confined areas. Wash spillages<br>into an effluent treatment plant or proceed as follows.<br>Contain and collect spillage with non-combustible,<br>absorbent material e.g. sand, earth, vermiculite or<br>diatomaceous earth and place in container for disposal<br>according to local regulations. Dispose of via a licensed<br>waste disposal contractor. |

## SAFETY DATA SHEET

**REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**<br/>Preparation date: 16.02.2017.Preparation date: 16.02.2017.Revision date: —Version: 1.0

**6.4. Reference to other** See Section 1 for emergency contact information. See Sections Section 8 for information on appropriate personal protective equipment. See Section 13 for additional waste treatment information.

#### 7. HANDLING AND STORAGE

#### 7.1. Precautions for safe handling

| Protective measures                       | Do not ingest. Avoid contact with eyes and clothing. Avoid<br>breathing vapour or mist. Avoid release to the environment.<br>Keep in the original container or an approved alternative<br>made from a compatible material, kept tightly closed when<br>not in use. Do not reuse container.                  |
|---|---|
| Advice on general<br>occupational hygiene | Eating, drinking and smoking should be prohibited in areas<br>where this material is handled, stored and processed.<br>Workers should wash hands and face before eating, drinking<br>and smoking. Remove contaminated clothing and protective<br>equipment before entering eating areas. See also Section 8 |

for additional information on hygiene measures.

#### 7.2. Conditions for safe storage, including any incompatibilities

| Requirements for storage areas and containers | Store in accordance with local regulations, in original<br>container protected from direct sunlight in a dry, cool and<br>well ventilated area, away from incompatible materials (see<br>Section 10) and food and drink. Keep container tightly<br>closed and sealed until ready for use. Containers that have<br>been opened must be carefully resealed and kept upright to<br>prevent leakage. Do not store in unlabelled containers. Use<br>appropriate containment to avoid environmental<br>contamination. |
|---|---|
| 7.3. Specific end uses                        |   |

| Recommendations            | Not available. |
|----------------------------|----------------|
| Industrial sector specific | Not available. |
| solutions                  |                |

**REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL** Preparation date: 16.02.2017. Revision date: —

Version: 1.0

#### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### 8.1. Occupational exposure limits

|                                  | No exposure limit value is known.   |
|----------------------------------|---|
| Recommended monitoring           | The product does not contain any hazardous ingredients or   |
| procedures                       | substances which have occupational exposure limits.   |
| 8.2. Exposure controls           |   |
| Appropriate engineering controls | Good general ventilation should be sufficient to control worker exposure to airborne contaminants.  |
| Individual protection            |   |
| measures                         |   |
| Hygiene measures                 | Wash hands, forearms and face thoroughly after handling<br>chemical products, before eating, smoking and using the<br>lavatory and at the end of the working period. Appropriate<br>techniques should be used to remove potentially<br>contaminated clothing. Wash contaminated clothing before<br>reusing. |
| Eye/face protection              | Not required under normal conditions of use. However, may<br>cause irritation in some sensitive individuals. When handling<br>large quantities (e.g. drums), safety glasses with side shields<br>should be used.  |
| Hand protection                  | Not required under normal conditions of use. However, may<br>cause skin irritation in some sensitive individuals. When<br>handling large quantities (e.g. drums), wear rubber or plastic<br>impervious gloves.  |
| Body protection                  | Not required under normal conditions of use.  |
| Other skin protection            | Not required under normal conditions of use.  |
| Respiratory protection           | Not required, if used in a well-ventilated area.  |
| Environmental exposure controls  | No specific data.   |

#### 9. PHYSICAL AND CHEMICAL PROPERTIES

#### 9.1. Information on basic physical and chemical properties

#### Appearance

Physical state White clay and sand paste with mint odor.

**REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**Preparation date: 16.02.2017.Revision date: — Version: 1.0

| Melting/freezing point      | Not available. |
|-----------------------------|----------------|
| Initial boiling point/range | Not available. |
| Flash Point                 | Not available. |

#### 9.2. Other information

No additional information.

#### **10. STABILITY AND REACTIVITY**

| 10.1. Reactivity                          | No specific test data related to reactivity available for this product or its ingredients.           |
|---|--|
| 10.2. Chemical stability                  | The product is stable.   |
| 10.3. Possibility of hazardous reactions  | Under normal conditions of storage and use, hazardous reactions will not occur.                      |
| 10.4. Conditions to avoid                 | Exposure or contact with extreme temperatures, sparks, flames or incompatible materials              |
| 10.5. Incompatible materials              | Strong oxidizers.  |
| 10.6. Hazardous<br>decomposition products | Under normal conditions of storage and use, hazardous decomposition products should not be produced. |

#### **11. TOXICOLOGICAL INFORMATION**

#### **11.1. Information on toxicological effects**

| Acute toxicity estimates | Not available. |
|--------------------------|----------------|
| Irritation / Corrosion   | Not available. |

### 11.2. Most important symptoms and effects associated with exposure

# Potential acute health<br/>effectsEye contactNo known significant effects or critical hazards.InhalationNo known significant effects or critical hazards.Skin contectNo known significant effects or critical hazards.

Skin contactNo known significant effects or critical hazards.IngestionNo known significant effects or critical hazards.

**REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**Preparation date: 16.02.2017.Revision date: — Version: 1.0

| Symptoms related to the<br>physical, chemical and<br>toxicological<br>characteristics |   |
|---|---|
| Eye contact   | May be irritating to eye in some sensitive individuals, redness, itching, watering can occur.   |
| Inhalation  | Inhalation is unlikely, however, if the product is dried out and<br>becomes a dust, the dust from this product may be<br>moderately irritating to some sensitive individuals. |
| Skin contact  | May be irritating to skin in some sensitive individuals, redness, itching can occur.  |
| Ingestion   | May cause excessive bowel movements following ingestion.  |

# **11.3.** Delayed and immediate effects as well as chronic effects from short and long-term exposure

| Short term exposure       |                |
|---------------------------|----------------|
| Potential immediate       | Not available. |
| effects                   |                |
| Potential delayed effects | Not available. |
| Long term exposure        |                |
| Potential immediate       | Not available. |
| effects                   |                |
| Potential delayed effects | Not available. |

#### **12. ECOLOGICAL INFORMATION**

| 12.1. Toxicity                     | Not available. |
|------------------------------------|----------------|
| 12.2. Persistence and              | Not available. |
| degradability                      | NT             |
| 12.3. Bioaccumulative potential    | Not available. |
| 12.4. Mobility in soil             |                |
| Soil / water partition coefficient | Not available. |
| Mobility                           | Not available. |

## SAFETY DATA SHEET

**REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL** Preparation date: 16.02.2017. Revision date: — Version: 1.0

#### 12.5. Results of PBT and vPvB assessment

PBT Not applicable.

vPvB Not applicable.

#### **13. DISPOSAL CONSIDERATIONS**

#### **13.1.** Waste treatment methods

#### Product

| Methods of disposal | The generation of waste should be avoided or minimized      |
|---------------------|---|
| Ĩ                   | wherever possible. Disposal of this product, solutions and  |
|                     | any by-products should at all times comply with the         |
|                     | requirements of environmental protection and waste disposal |
|                     | legislation and any regional local authority requirements.  |
|                     | Dispose of surplus and non-recyclable products via a        |
|                     | licensed waste disposal contractor. Waste should not be     |
|                     | disposed of untreated to the sewer unless fully compliant   |
|                     | with the requirements of all authorities with jurisdiction. |
|                     |   |

#### Packaging

Methods of disposal The generation of waste should be avoided or minimized wherever possible. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible.

Special precautions This material and its container must be disposed of in a safe way. Care should be taken when handling emptied containers that have not been cleaned or rinsed out. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

#### **14. TRANSPORT INFORMATION**

This product is not classified as dangerous goods.

14.1. UN No.—14.2. Proper shipping—name—

14.3. Transport hazard — class and labels

# SAFETY DATA SHEET

**REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**<br/>Preparation date: 16.02.2017.Revision date: —Version: 1.0

| 14.4. Packing group   | —   |
|---|---|
| 14.5. Environmental<br>hazards  |   |
| 14.6. Special precautions   | Transport within user's premises: always transport in closed<br>containers that are upright and secure. Ensure that persons<br>transporting the product know what to do in the event of an<br>accident or spillage. |
| 14.7. Transport in bulk<br>according to Annex II of<br>MARPOL 73/78 and the<br>IBC Code | No information available.   |

#### **15. REGULATORY INFORMATION**

| 15.1 Other regulation | 1223/2009/EEC: Regulation on cosmetic products.       |

| 15.2 Chemical Safety  | Chemical Safety Assessment wasn't prepared either for |
| Assessment            | ingredients or the product itself.                    |

#### **16. OTHER INFORMATION**

Note of supplier of material safety data sheet

Note: Since the product is marketed as a cosmetic product, thus, it is out of scope of CLP regulation 1272/2008. However, in order to facilitate the chemical risk assessment of work places for professional users, the classification and labelling elements in accordance with CLP are included.

#### The product is labelled in accordance with 1223/2009/EEC.

This MSDS is based on data of the original safety data sheet provided by the manufacturer, using the up-to-date version of regulation 1907/2006. The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product, therefore it cannot be used to verify quality compliance. Elite Cosmetix Ltd. shall not be held liable for any damage resulting from handling or from contact with the above product.
